Every day sees some good substantial business man added to the population of the city.

The new house of Father Couderet will present quite an imposing appearance when completed.

Mr. Frank Kretschman, who has an advertisement in another column, did credit to himself by the scientific manner in which he played the violin at the ball Friday night.

A Laundry and Chambermaid

Henry Brain's Sample Room, is the place for a good drink, and fine cigars to keep the very best and don't forget it. Postoffice, Baca building. 55-1f.

The list of arrivals at the hotels as published in the GAZETTE every day is sufficient to convince even the most skeptical that the rush to Las Vegas has not ceased yet.

Mr. T. A. Jones and wife have opened out a restaurant and oyster room in the rear rooms of Frank Chapman's building. They have a nicely fitted up place and will take boarders and furnish meals at all hours.

PERSONAL.

Mrs. Graf returned Friday from a several weeks visit in Trinidad.

Mr. Tranquillo Labadie is looking after business matters in town.

Mr. Felipe Lopez and wife have been visiting friends in town for some weeks past.

Mr. Geo. G. Smith of Georgetown, N. M. stopped a few days at the Parker House, on his way to Topeka Kansas. We expect to see him again soon—but not alone.

Mr. E. F. Beecher of Mills, Beecher & Co. who left Las Vegas ten days ago to attend his father's "Golden Wedding," will return shortly to make his home with us. Such men as Mr. B. we warmly welcome in our city.

THE DAILY.

The first of the series of balls of the Las Vegas Social Club given at Houghton's Hall on the east side, Friday night was an eminent success.

The night was beautiful moonlight the hall large, new and recently finished, was handsomely decorated and the music exceptionally good. All enjoyed themselves immensely. The supper served at Watson's restaurant was particularly sumptuous and praised by all who had the pleasure of partaking thereof. The following ladies graced the occasion with their presence: Misses Carrie Chapman, Toinelette Menet, Belle Jennings, May Hastings, Kate Terry, Belle Burris, Adams Wood, Clara Williams and Mesdames Marvin, Patterson, Neil Blackwell, Mac Blackwell, T. E. Chapman. The young gentlemen were handsome and gallant and too numerous to mention. Another ball will be given at an early date.

The item yesterday morning, that M. Ogden had purchased 40,000 lbs. of wool from T. Romero, Bros. & Son was a mistake. Mr. Ogden is soliciting consignments for Edward Mellor & Co., of Philadelphia, and took this on consignment.

The Railroad.

Mr. J. R. Armstrong superintendent of the water and supply department of the A. T. & S. F. is attending to business on this part of the line. He went up to Willow Springs Friday night but will return Sunday.

The big engine Uncle Dick will stay on the mountain division which is ten miles in length, extending from Willow Springs to Morley.

The track layers have been advancing at the rate of a mile and a half a day, but it is doubtful if the graders will be able to keep out of the way.

Some heavy work in the neighborhood of Cañonito is likely to cause delay and trouble.

A few years ago the A. T. & S. F. extended only a little west of the Kansas line and the managers appeared to be unable to decide on any point farther West to go. Now the avowed objective point is Guaymas on the Pacific ocean and an official says that he supposes that by the time they reach there some engineer will construct a bridge so that they can go to the Sandwich islands.

The Denver, South Park & Pacific railroad earned nearly \$100,000 during the month of September, which leads its managers to expect early and satisfactory dividends on the capital stock.

The Denver and Rio Grande road advertises for a million and a half of ties to be used on the extension of that road. Proposals are also advertised for grading, the work to extend a long distance down into this territory.

The Texas Pacific road will be built through New Mexico, and that without a government subsidy the company feeling strong enough to go it alone.

Sunday Services.

The Rev. H. Forrester will hold services at the chapel in the Gonzales building at 10:30 this morning. Evening prayer and Sunday school at 3 p.m. No service at night on account of the state of the work on the Jewett house.

The roof of the Episcopal church building is on, the door and windows are in and the painters are at work on them. The roof is receiving a coat of mineral paint. It is hoped to have the church ready for services next Sunday morning when Bishop Spaulding will be present. The building will not be consecrated as it is not intended to be used permanently as a church. When a more commodious building is erected and consecrated the present building will be taken for the parsonage. As soon as the work on the building is completed Mr. Forrester will publish an itemized statement of all business matters connected with the work. So far everything has been paid for and when the work is all done it will all be paid for and the building will be clear of debt.

The Rev. J. A. Annin will preach at the usual hour this morning. Sunday School this afternoon.

Rev. M. M. Binford will preach at the Hamilton House, East Las Vegas, this afternoon, at 3 o'clock, local time, and at the Presbyterian Church, in Las Vegas, in the evening.

The building of the Methodist church has been delayed, waiting for the heavy timbers, which will be on the ground Monday and the work will be completed in a few weeks.
